Raffle

The screenshot shows the GitHub interface for the repository `golangroma/meetups`. The `Issues` tab is selected in the top navigation bar. The main content area shows the 'New Issue' form. The 'Labels' dropdown menu is open, showing a list of labels. The label `raffle-20220614` is highlighted. Annotations include:

- A red box around the `Issues` tab in the top navigation bar, with an arrow pointing to a text box labeled `Issues` and `golangroma/meetups`.
- A red box around the `Labels` dropdown menu, with an arrow pointing to a text box labeled `Label` and `raffle-20220614`.
- A red box around the `raffle-20220614` label in the dropdown menu, with an arrow pointing to the same text box.

The 'Labels' dropdown menu includes the following labels:

- `duplicate`: This issue or pull request already exists
- `enhancement`: New feature or request
- `good first issue`: Good for newcomers
- `help wanted`: Extra attention is needed
- `invalid`: This doesn't seem right
- `question`: Further information is requested
- `raffle-20220614` (highlighted)
- `workfix`: This will not be worked on
